

Training & Placement Centre

The CRC consists of both Training Cell and Placements Cell. In persuasion of excellence and growth the institute has recently constituted Corporate Resource Centre (CRC) to improve the interface between institute and industry representatives. The CRC will create a platform where the institute gets maximum exposure from the industry. The pursuit of excellence requires a transparent and honest approach. The CRC is open to new ideas and continuously adopting new learning methods and technologies to improve the life of students. In nutshell, the CRC is not leaving any stone unturned in preparing students for the next orbit.

The CRC is managed by the group of people who rich experience in handling Training as well as placements of students and good amount of coverage of industry.

Objective of CRC

- To facilitate the institute in signing the Memorandum of Understanding (MOU) with industry
- To act as a seamless spillway between industry and the institute
- To understand the needs of the students and develop the customized training program to improve the employability skills among students and make them ready to face the industry challenges ahead
- To act as a single window nodal point for career counseling and higher learning
- To make systems / procedures for functioning of smooth activities like Final Placements, Summer Placements and live projects (if any)

Given below is the list of companies, who are our industry associates:

- Aayat Softech Pvt. Ltd.
- ARN Teleservices
- Brainsoft Software
- Bureau Veriatas India
- Cadera Infotech Pvt. Ltd.
- Decathlon Sports India
- DEE Power Corporation
- DR. Wiesner Test & Automation
- DT Global Marketing Services Pvt. Ltd.
- E Coronet Engineers Pvt. Ltd.
- ERA Construction Ltd.
- Genpact India
- iB Arts Pvt. Ltd.
- ICICI Bank
- Infinity World for E Solutions
- Insolergy Technologies
- Intelenet Global Services
- Just Dial
- Karvy Stock Broking Limited
- Nath Corp Pvt. Ltd.
- Narnolia Financial Advisors Ltd
- NVS Pvt. Ltd.
- Orchesys IT Systems Pvt. Ltd.
- PNB Metlife
- Pulse Solutions
- R1RCM Global Pvt. Ltd.
- RIJ Engg. (P) Ltd.
- Rotodyne Engg. Services (P) Ltd.
- S.R. Enterprises (NX Steel)
- SGM Technologies
- Sparrow Softech Pvt. Ltd.
- Suncore Microsystems
- Synapse India
- Tech Mahindra
- Techno Culture Building Centre
- The Lobicons
- TNS India

Guru Gobind Singh

Educational Society's Technical Campus

Bokaro, Jharkhand

(An Engineering and MBA College)

Approved by
AICTE, New Delhi, Ministry of HRD, Govt. of India

Affiliated to
Jharkhand University of Technology, Ranchi

Director's Message

India is a country of 1.2 billion people. Hi Tech is not a luxury but a necessity for the people of our country in order to manage and control different aspects in every walk of life for the rich as well as the poor. India needs massive technical employable manpower as per the statistics of job requirement presently. Therefore, there is a dire need to change the overall culture of technical education in India. Self-sponsored management of technical Institutes should focus

on the development of healthy academic environment, which should strengthen an institute within itself by attracting quality oriented teachers aiming towards providing knowledge skill and research input to their students and make them acceptable to industry.

The above theme was a dream cherished by Guru Gobind Singh Educational Society which came into existence 7 years ago by opening a Technical institute in 2011 with the mission of achieving excellence in the field of Engineering & Management in the name of Guru Gobind Singh Educational Society's Technical Campus, Chas, Bokaro to achieve new milestones and set higher benchmark every year resulting in carving out a niche and developing a distinctive identity ourselves. The focus is on equipping our students with the necessary skills in competitive technical intelligence, corporate welfare and soft skills. The members of society believe that education has phenomenal powers to bring about substantial benefits to individuals and the society laid the foundation for the emergence of Guru Gobind Singh Educational Society's Technical institute under its umbrage. The underlying commitment of the trust is the true spirit that promotes education amongst all strata of the society with a view to dispel ignorance, eradicate illiteracy and equip the youth with knowledge and training that will improve their employability and pave way for their gainful employment eventually leading to the development of the society as a whole.

The maestros, who are behind all these magical efforts are Sri Inder Singh Namdhari an engineer turn politician assisted by Sri Tarsem Singh, President of Guru Gobind Singh Educational Society's Technical Campus. They are visionary leaders who enjoy creating an environment, which motivate and inspire all the faculty members & staff to perform and aspiring students to excel. They are the sterling example of an educational promoter whose endless efforts climb the hierarchy of success through arduous toil and dedication. In every endeavour of their, they have left indelible imprint of his vision of educational equality and inclusiveness.

The philosophy of Guru Gobind Singh Educational Society's Technical Campus is basically focused on nurturing of young students under the leadership of a versatile academic administrator, who is adroit team players with good interpersonal skills, who recognizes the positive aspects amongst all the staff and students and ignores their negatives and expresses appreciation for every successful job that they do. The Management is successful to engage committed academicians on its top position who has a passion for teaching and a flair for research and publication.

The Guru Gobind Singh Society has a rich tradition of scoring high with academic excellence and overall personal growth of students for school education since long and similarly standard for higher education is being followed for its technical campus. This is achieved by providing excellent academic ambience and infrastructure with the help of dedicated, highly qualified and experienced faculty members having M.Tech, MBA and Ph.D.

While we feel proud of ourselves for our performance towards obtaining the mark achievements, we are not contented. Our vision is to emerge as a top-ranking engineering college in the eastern zone of our country. Our aim is to achieve global recognition as a leading player in the field of technical education. We the stake holders, students, staff and management of Guru Gobind Singh Educational Society's Technical Campus, believe that the best way to survive change is to initiate it. And it is with this belief that we have continually engaged over the years in a relentless endeavour to improve upon the past performance and enhance the position of the Institute in the league of the best technological institutions in the country to provide undergraduate/post graduate education in the field of Mechanical, Civil, Electronics, Electrical, Computer Science Engineering & Management with annual student intake of 540.

Dr. A. N. Sinha

Ph.D (IIT Delhi)
Director,
Guru Gobind Singh Educational Society's Technical Campus

About the Institute

The **Guru Gobind Singh Educational Society's Technical Campus (GGSESTC)** has started its journey of excellence in the year 2011. The Technical Campus is promoted by Guru Gobind Singh Educational Society.

The **Guru Gobind Singh Educational Society** established in 1979, is not for profit organization working in the field of formal education. The Society has many schools operating under its umbrella in various parts of the country. After 32 years of relentless service to nationwide, it was decided by the society to establish a Technical Campus in the name of **Guru Gobind Singh Educational Society's Technical Campus** at Bokaro Jharkhand. At present the Technical Campus has the following two programs:

- Bachelor of Technology (B. Tech.)**
- Master in Business Administration (MBA)**

Both the above programs are approved by **All India Council of Technical Education (AICTE)**, Ministry Of HRD, Govt. of India and affiliated to Jharkhand University of Technology at Jharkhand.

The Campus

The institute has a lush green sprawling campus spread over about 20 acres of land within the vicinity of the twin city of Chas-Bokaro at Jharkhand. Following are salient features of the campus:

• State-of-the-art infrastructure	• Fully Wi-Fi Enabled Campus
• Modern workshop facilities	• Bank with ATM
• Eight computer labs (with 400+ computers)	• 24 hours power backups
• Separate boys and girls hostel (with 300 beds capacity each)	• Medical Facilities
• Cafeteria	• Laundry

Vision

To promote professional education in the field of engineering and management at Jharkhand and to be an educational institution of choice for all stakeholders, which promotes human well-being through continuous learning.

Mission

To make the institute committed to generating, disseminating and preserving technical and managerial skills / knowledge. To make the institution most admirable and respectful for students, employees and industries. To achieve academic excellence and good governance.

Objective

To be amongst top institutions in Jharkhand in terms of-

- Engaging with Indian corporates and institutions for knowledge sharing and development of the institute
- Dissemination of knowledge through Research & Training
- Improving through Rankings and Accreditations
- Adoption of Contemporary Technology in Teaching Learning and other processes

Intellectual Resources

The institute takes the pride of its eminent and experienced faculty as they constitute the backbone of the college. Over the last 8 years we have created an intellectual community of 100 plus full time faculty members drawn from industry and academia.

Admission Criteria

Programme	Duration	Eligibility
B.Tech.	4 years	Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry/ Bio-Technology/ Biology/ Technical Vocational subject. Obtained at least 45% marks (40% in case of candidate belonging to reserved category) in the above subjects taken together.
B.Tech. (Lateral entry to second year)	3 years for Lateral entry	a. Passed Diploma examination from an AICTE approved Institution; with at least 45% marks (40% in case of candidates belonging to reserved category) inappropriate branch of Engineering/ Technology. b. Passed B.Sc. Degree from a recognized University as defined by UGC, with at least 45% marks (40% in case of candidates belonging to reserved category) and passed XII standard with mathematics as a subject.
MBA	2 years	Recognized Bachelor's Degree of minimum 3 years duration. Obtained at least 50% marks (45% in case of candidate belonging to reserved category) at the qualifying Examination.
