

Training & Placement Centre

The CRC consists of both Training Cell and Placements Cell. In pursuit of excellence and growth the institute has recently constituted Corporate Resource Centre (CRC) to improve the interface between the institute and industry representatives. The CRC will create a platform where the institute gets maximum exposure from the industry. The pursuit of excellence requires a transparent and honest approach. The CRC is open to new ideas and continuously adopting new learning methods and technologies to improve the life of students. In nutshell, the CRC is not leaving any stone unturned in preparing students for the next orbit.

The CRC is managed by the group of people which rich experience in handling Training as well as placements of students and extensive of experience of industry.

Objective of CRC

- To facilitate the institute in signing the Memorandum of Understanding (MOU) with industry
- To act as a seamless spillway between industry and the institute
- To understand the needs of the students and develop customized training programs to improve employability skills among students and make them ready to face the industry challenges ahead
- To act as a single window nodal point for career counseling and higher learning
- To make systems / procedures for functioning of smooth activities like Final Placements, Summer Placements and live projects (if any)

Director's Message

DR. PRIYADARSHI JARUHAR
Director, GGSESTC

Our pursuit of academic excellence is enhanced by the state-of-the-art infrastructure, facilities and on-campus amenities provided by the Institute. The Institute has highly qualified and experienced faculty members who are distinguished in their respective fields. The Institute has a Corporate Resource Centre (CRC) comprising of Training and Placement (T&P) Cell and Institute-Industry Interaction (I.I.) Cell. The Institute provides cent percent job placement assistance to all students. The IQAC, R&D Cell, NAAC/NBA steering committee, Alumni Cell and Cultural and Extra-curricular Activities Cell are engaged in organizing various programs round the year for furthering the career prospects, holistic growth and personality development of students. The Institute is committed to impart moral values and inculcate life-skills, competitive, technical and professional knowledge, entrepreneurship, communication, critical thinking, soft skills and responsibility-assuming abilities in the students. We, the management, faculty and staff members and students of Guru Gobind Singh Educational Society's Technical Campus always endeavour for collective growth and excellence. We believe that education has the power to alleviate social ills, raise the living standard of people and bring economic and social equality by creating employment opportunities for all sections of society. In this way, GGSESTC contributes to the building and development of the society and nation.

Dr. Priyadarshi Jaruhar
Director, GGSESTC
Kandra, Bokaro

About the Institute

Guru Gobind Singh Educational Society's Technical Campus (GGSESTC) has started its journey of excellence in the year 2011. The Technical Campus is established by Guru Gobind Singh Educational Society.

Guru Gobind Singh Educational Society established in 1979, is non-profitable organization working in the field of formal education. The Society has many schools operating under its umbrella in various parts of the country. After 32 years of relentless service to nationwide to established a Technical Campus in the name of **Guru Gobind Singh Educational Society's Technical Campus** at Bokaro Jharkhand. At present the Technical Campus has the following programs:

1. Bachelor of Technology (B. Tech)
2. Master in Business Administration (MBA)
3. Diploma in Engineering (ME, EEE and Civil)
4. Bachelor of Business Administration (BBA)
5. Bachelor of Computer Application (BCA)

All the above programs are approved by **All India Council of Technical Education (AICTE)**, Ministry of HRD, Govt. of India and affiliated to Jharkhand University of Technology, Ranchi, Jharkhand.

The Campus

The institute has a lush green sprawling campus spread over about 20 acres of land within the vicinity of the twin city of Chas-Bokaro at Jharkhand. Following are salient features of the campus:

• State-of-the-art infrastructure	• Fully Wi-Fi Enabled Campus
• Modern workshop facilities	• Bank with ATM
• Eight computer labs (with 400+ computers)	• 24 hours power backups
• Separate boys and girls hostel (with 300 beds capacity each)	• Medical Facilities
• Cafeteria	• Laundry

Vision

To establish one of the best premier institutes in the nation/world through providing quality education and research facilities in the fields of engineering and management education for technocrats and professionals, who are professionally sound, technically competent, ethically cultured, make eco-friendly, scenic campus for the betterment of student and society.

Mission

- To uplift the socially, economically backward students through imparting quality technical and professional education and learning experiences.
- To develop a world class learning environment for students through quality teaching and research.
- To develop an ecofriendly, scenic and learning oriented ambience in campus where a value based teaching and learning processes are emerging and imparted to students.
- To develop a qualitative, objective based professional education and thereby to make GGSESTC a centre of excellence

Objective

- To become a premier institute worldwide by building a world class infrastructure for imparting quality education and research.
- To create a high class teaching and learning atmosphere.
- To promote, motivate and upliftment of the weaker section of students who are socially, economically backward and counsel them to an opportunity for availing quality education.

Intellectual Resources

The institute takes pride in its eminent and experienced faculty as they constitute the backbone of the college. Over the last 8 years we have created an intellectual community of 100 plus full time faculty members drawn from industry and academia.
