# आन्वीक्षिकी 2021

A Joint Initiative by

D-24, Vatika Green City, Dimna Road, Mango, Jamshedpur- 831 012,

8<sup>th</sup> Sept., 2021

**To**  
**The Principal / Director**  
**Polytechnic / B.Tech. Engg. Colleges**

**Subject : Enrolment of Diploma / Engg students in Anvikshiki program**

Jharkhand University of Technology (JUT), Ranchi, in collaboration with Institute of Projects and Engineering (iPe), Jamshedpur, formed an Industry-Institute Partnership (IIP) Cell in February 2021 with an objective to help Jharkhand State in achieving sustainable development goals and to be self-reliant through synergetic collaboration of Industry and Institutes, thereby helping to enhance the Human Development Index (HDI) of Jharkhand State.

Institute of Projects and Engineering (iPe) jointly with **ThinkStartup**, Bangalore has now initiated **Anvikshiki** which is an exciting initiative that aims to inspire a grassroots movement of innovation and entrepreneurship in Jharkhand state. This is a 3-week ideas and entrepreneurship hackathon where participants in a team (having 5-7 students) will work together to come up with innovative solutions to help drive development in Jharkhand state.

This Hackathon event for Undergraduate and Polytechnic engineering students is focused on entrepreneurship with an objective of encouraging an entrepreneurial mindset, creativity, and teamwork. It is an event where students in a team, share initiative ideas relating to the Hackathon theme, examine them, plan them, and produce a prototype or a presentation and a pitch (a brief explanation for presenting the idea).

In the end, the ideas will be presented to a panel of judges for choosing the winning projects according to specified criteria.

A detail programme catalogue is enclosed. The details are also given in the website <https://ipeindia.co.in/anvikshiki/>.

The Anvikshiki programme for the engg. College students will be held from 25<sup>th</sup> Sept. to 1<sup>st</sup> Oct. 2021. The participation charges is Rs. 1500/- per students. The last date for the enrolment is 17<sup>th</sup> Sept., 2021.

The enrolment of the students can be made on individual basis or the respective college could collate and forward to iPe.
